NOTIFICATIONS BY THE HEADS OF DEPARTMENTS.

JUDICIAL DEPARTMENT.

PROCEEDINGS OF THE CHIEF COURT OF MYSORE AT BANGALORE.

No. P. 34-2 of 22-23, dated 27th March 1923.

READ—

Process returns of the several Munsiffs' Courts in the State for the quarter ending the 31st December 1922.

PART I.

The number of nazareths and of men employed, continued to be the same as in the previous quarter, *viz.*, 20 nazareths with 158 amins and 453 process servers. The total number of processes of all kinds served during the quarter was 76,707 being 3,246 less than in the previous quarter; the fall in this respect may have been due partly to the intervention of the Dasara and Christmas holidays; The average number of processes served by an amin was 77·1 against 72·6 in the previous quarter, but that of a process peon was only 142·4 against 137·5. Of the 76,707 processes served 67·9 per cent were served personally, the result being a slight improvement over that of the previous quarter, which was 65·8 per cent.

2. The cost of establishment and other charges amounted to Rs. 26,992-0-9 and the stamp fees collected Rs. 39,904-12-0 resulting in a net saving of Rs. 12,912-11-3 in the working of the establishment.

3. The percentage of personal service ranged from 90 in the Second Munsiff's Court, Mysore, to 53 in the Munsiff's Court, Chikmagalur. Greater use seems to have been made during the quarter, of the system of special advances, which will in some degree minimise delays in the service of processes owing to the insufficiency of the process nazirs' permanent advance. But great care is necessary in seeing that they are promptly recouped, that process nazirs' bills are submitted and paid promptly and what is more important, that the undisbursed balance, if any, is collected fully from a process server or amin before fresh processes are issued. A careful process nazir can in this way make a smaller sum go round for his purposes, than otherwise.

4. The arrangements for the equal distribution of processes are still not satisfactory in many courts and require improvement.

5. Information as to the number of men deputed for guard duty and particulars of the special advances made have not been furnished by several courts; such omissions, it is hoped, will not recur.

6. District Judges should in future before submitting the quarterly returns from their subordinate courts, scrutinise them, rectifying omissions, if any, and forward them to the Chief Court with a brief opinion as to the work turned out during the quarter.
